Fellowship of Christian Cowboys

“Carrying the Message of Christ to the Cowboy World”

Salvation Prayer

Will I go to heaven when I die?
Can I have peace and blessing in my life?
The answer is YES - by asking Jesus to be your Lord and Savior. Pray a prayer like this...“Dear God, I am a sinner, separated from You. I am sorry for my sins and I ask you to forgive me. I accept Jesus as my Savior and the Lord of my life. Thank you, Jesus, for dying for me on the cross so I can have peace in my life and a home in heaven to live forever with You. Help me Holy Spirit to live a life pleasing to God, my Father. In Jesus name, Amen.”

If you’ve prayed this prayer, please contact anyone listed on the Directory in this magazine.

We would love to pray with you and send you a free Cowboy Bible and some literature to help you get started on this exciting journey.

TESTIMONY OF WAYNE HILGEN

The Great Adventure

By WAYNE HILGEN

Gathering Cattle at the Mud Lake Ranch

C o m m e n t e d
[DG1]:My story starts on a small farm, it wasn't even a full quarter section that mom and dad and us three brothers scratched out a living from. We were poor but we didn't know it.

We had food, shelter,

tattered clothes, lots of love and that's all we really needed. My older brother was very mechanically inclined while my younger brother and I were into all things western and horses.

When we were probably ten and twelve years old little brother and I decided it was time to Cowboy Up so we ran a steer into one of the rickety old corrals. We made us a homemade bull rope and figured we'd ride that steer because we didn't have a horse. The steer however was not on board with our program and just as one of us was about to sit down on him he had himself a great big fit and broke through the corral, made a circle around the west side of the barn through the garden and out onto the front lawn where my parents were watching out the front window. This is not what they planned for their afternoon. My dad came stomping out saying, "I'm trying to put weight on those steers and you boys are running it off of them." My mom just looked at us and said, "There is something wrong with you two boys because your older brother was never like this."

I always had a passion for horses. Unfortunately, my dad sold the team after a bit of a wreck. We never had a tractor. Dad had been out working in the field with the team and as he was heading home at lunch time he went through the gate, was closing it when something spooked the team. They took off at an excessively high rate of speed around the barn and headed north. Now I know this was a Monday because it was the day when my mom always did the laundry with the old wringer washing machine and then hung it out on her clothes lines. She was not very tall so the clothes lines were relatively low and for some reason the run-away team found that to be a very inviting target. Those horses ripped through her clothes lines scattering laundry, bed sheets, lots of other white things and clothes all over most of that little farm. It was shortly after that my dad sold the team and went to town and bought his first tractor, A Farmall H on steel wheels.

There was never a dull moment around the farm. When I was about twelve years old, I bought my first pony, Cindy, for \$15 which I had to borrow \$8 of that for my older brother. She was foundered bad and had been neglected on her feet so her hooves were curled up like skis. I had my work was cut out for me. I went to work on her with a lot of help from a neighbor Lou Churchill. We got her back on track and working good again. Little did I know that that experience was my introduction to being a farrier for the last fifty-five years and counting.

Looking back, it's so amazing how God sets things up in our lives to fulfill his purpose in us. When my dad would get tired of me being underfoot, he would give me a big bucket of bent nails and my job was to straighten those nails and drive them into an old beam that was in the shop. So, working for days on Cindy's feet and driving nails in an old beam all fit together in the bigger picture of being a farrier and nailing on shoes.

I left home when I was fifteen and hitchhiked across Canada and worked on a few different outfits. I loved the adventure of cowboying. When I was nineteen or twenty years old, I was working on the Burke Creek ranch about twenty-five miles west of Claresholm. It was a great job in beautiful country. Us cowboys were treated well. I was riding colts and the food was good. One day I rode up onto the Skyline Ridge, you can see almost forever from there across the mountains when somewhere in the back of my head an old song that I heard when I was a kid popped in. It was about the beauty and splendor of the mountains and how great God was. As I sat there and let that little mare blow a bit I remember saying, "God I just don't have the faith to believe in evolution. I think you made all this and I wish there was a way to get to know you." I can't help but think that God was looking down on this sorry kid and said, "Well at least we're talking now."

Rim to Rim ride at the Grand Canyon

In spite of the fact that I had a great job which I enjoyed in a beautiful place there was still a lingering sense of emptiness inside me. When I was about sixteen years old, I had that same emptiness in my life so I went and talked to a preacher and tried to explain that I thought something was missing.

TESTIMONY CON'T

He assured me nothing was missing. I'd been through the rituals and religion of the church and there was nothing more I could do so just be a good boy and come to church every now and then. That was the point where I threw God and church out of my life because I was looking for a fresh start.

I'd read an article by Johnny Cash about how he had been born again but I was told that couldn't happen to me. Due to the emptiness and restlessness within I decided to quit the ranch in December of 1974 and just drift around and look for work somewhere else. Now you've got to understand that when you quit your job cowboying, you just quit your income, a place to sleep, your place to eat and everything else so then it was just me and my old sixty-five Chevy which wasn't that comfortable of a home in the middle of winter in Alberta.

Well some folks at Claresholm that I knew had invited me out for New Year's Day dinner. That meant food so I was interested and I figured I'd get it a night or two of bunking out of it also, so I went. They were a bit of a strange bunch but I figured I could put up with that for food and a bed. There was a quit a few people there and as the day went on more showed up and this one old fella named Roy tried talking to me about God. Well, I figured I'd set him straight right now and tell him I had had enough of religion to last me a lifetime, to my surprise he totally agreed and said that he had also had more than enough religion to last him a lifetime. Now my head was spinning because a man talking to me about God didn't like religion. He then went on to explain there is a great difference between a relationship with Jesus Christ and just a set of rules and rituals that is religion.

For the next hour or two we talked, we discussed, we argued and it finally became clear to me that what I was looking for was that personal relationship with the Living God. That night in that old log house the direction of my life was completely changed. I said God I've had a few wrecks, made a hot mess in my life, so you take the reins, come into my life, forgive me for my past and head me down another trail, and that was the beginning of the Great Adventure that I've been living ever since. There's a song written by Michael W Smith and the lyrics go "Saddle up your horses, we've got a trail to blaze, through the wild blue yonder of God's Amazing Grace, let's follow our Leader into the Glorious unknown, this is life like no other, this is the Great Adventure."

2 Corinthians 5:17 says, "If anyone is in Christ, he is a new creation, old things are passed away and all things have become new." I very much like that verse because there were some old things in my life that I wanted passed away and a fresh start was in front of me. The emptiness was gone and that God shaped vacuum that I had tried to fill with so many

different things was now filled. I experienced a peace that I never knew before. I was in for the ride of my life. I got into the owner's manual, the word of God and saw that he had a plan and a purpose for my life. God brought some strategic people across my path which enabled me to be involved in many different areas of the livestock industry including rodeo, training, saddle making and of course my main passion, shoeing and trimming horses' feet.

Cowboy Camp meeting in Arizona Baptizing New Believers in a Horse Trough

I've worked on outfits from the Peace River Region to the Mexican border and lots of points in between. I don't believe any of this would have happened if God had not directed my life and led me to places and opened doors of opportunity. I was also very involved with the Ranch and Rodeo Ministry and the Cowboy Church Outreaches in Canada and the Western USA. I have seen God do amazing things in people's lives.

It wasn't always easy, there are challenges and trials and struggles in everyone's life and mine was no exception, but ever since that night when I gave my life to Christ I've never walked alone and have always known I had a Savior I could trust.

When we mess up like we all do occasionally I've learned to not run from my problems and not run from God but to run to God, He is faithful and just to forgive us and cleanse us from ALL unrighteousness. I John 1:9 *Don't let your past interfere with your future, keep pressing on, fix things as best you can and extend Grace to yourself and extend Grace to others.*

Don't keep running from God in areas of your life that he's trying to change. There's a verse in Isaiah 55:12 that says, "*You shall go out with joy and be led for with peace. The mountains and the hills will break forth into singing and all the trees of the field will clap their hands.*" Never give up, keep pressing forward and fulfill God's plan on purpose for your life, the rewards truly are out of this world.

Wayne and Kerry

ON A WING AND A PRAYER!
Wayne Hilgen

PRESIDENT'S REPORT

It sure was good to be out and about the rodeo grounds this summer. We were able to minister through several Cowboy Church Services and enjoyed visiting with all the folks afterwards. There seemed to be more folks around during the services and they were never in a hurry to leave. I believe God's stirring up His people.

Manitoba was not dry like it was out west. Every time I would think about starting up the tractor to head out to the hay field, there was rain in the forecast. Every three days or so, some precipitation would fall which dragged out the haying process, but PTL, I did manage to get the hay all up and in pretty good shape! Even though the weather forecast wouldn't let me cut any hay, it did allow me to get my bales loaded and stacked in the yard. By the end of September, I was very happy (to say the least) to wrap up the haying season and put the equipment in the shed.

I feel that those involved in this cowboy ministry and those who attend church need to be bolder in sharing their faith. People desperately need Christ! Just, look at all the craziness going on in this world today!! It's time we put God's word into practice as Jesus tells us in Matt 7:24, "Therefore, everyone who hears these words of Mine and puts them into practice is like a wise man, who built his house on rock." (NKJ) Don't we all want to be wise? If you're rodeoing or roping, you would

most likely be spending time in the practice pen to become more successful. Not hard to find me practicing with a rope in hand. I like to catch when I throw a rope!! I also like to put God's word into practice, so I equip myself by spending time in His word learning. When you're a preacher, people expect that! I think church should look more like a practice pen because when you spend time practicing, you expect to see results. Ponder on that for a moment. Matt, 5:14 says, "We are the light of the world that cannot be hidden." So, are we practicing Christians, letting our light shine for Jesus?

A friend of mine told me that some of the guys I ride with have said, "I was kinda preachy." I asked him, what do they say about you? He was quiet for a bit then replied, "Good point." If we were to put God's word into practice, it cannot be hidden. You usually know who's been practicing when you watch a rodeo. James 1:22, "But don't just listen to God's word, you must do what it says otherwise you are only fooling yourself." (NLT) I know some folks think they are already smart enough and don't need to learn or practice the task. Yes, some folks are gifted that way, but most of these know it all's, just end up making a fool out of themselves. I'm not saying you're a fool, if you practice and make a mistake, cause that's just part of the learning process. Rest assured, when you're operating in the Lord's will, He is quick to come to your aid.

The world is full of so much evil, with no value on life or truth as stated in 2 Thess. 2:7, "For the mystery of lawlessness is already at work." (NKJ) You can read the rest for yourself. As Christians, we have the responsibility to be the doer of His word by putting it into practice for all to see. Matt. 7:24-29 speaks a lot about putting God's word into practice. I have already touched on verse 24, everyone who hears and does is a wise man. Verse 25, states that when the storms come (and they will), you will not fall, if you're founded on the rock. This is twofold, if you're putting God's word into practice, you already know he will look after you and there is an opportunity for others to put God's word into practice through prayer and support. Verse 26 is another reference to the foolishness of not doing God's work resulting in having no foundation. People live in fear. They go to church on Sunday

morning, hear the word, yet do nothing the rest of the week. Verse 27 talks about the storms coming and how great the fall will be.

This world is full of deceivers and truth does not prevail. What makes the government think they have control over the rights of our children? I would consider that a great fall. We don't live in a "Little House on the Prairie" world anymore. We need to be putting God's word into practice, so people will hear the truth, gain understanding, get a solid foundation, and lose the fear that the world is so desperately trying to instill in us. Verse 28 speaks about how the people were amazed when they heard the words of Jesus.

One afternoon, I spent some time with a couple having coffee at a Timmy's picnic table. We got talking about God's word and the wife kept saying, "Does the Bible really say that"? She was amazed! Lastly, in verse 29, we have to practice God's word because His word has the authority, not the ones who make the earthly laws. The scribes and Pharisees would make laws that even they could not keep. Sound familiar?

It's up to us to put God's word into practice when our governments are saying no to preaching Christ in the town square or our public schools. The Lord's Prayer has been gone for years and don't even think about packing your Bible. Yet we all know the foolishness that's going on behind their closed doors.

If you're unsure about who has the authority; God's word or the government, read Acts 5:28-29. In verse 28, the government gave strict orders that there would be no teaching in Jesus' name, but verse 29 tells us that Peter and others replied that we must obey God rather than man. What an excellent example of putting God's word into practice!! For me, putting God's word into practice is as easy as just telling your story. You don't have to remember all the appropriate scriptures and start preaching, just share your personal story of how Christ has impacted your life. After all, that's what Paul did in Acts 22, he told of where he came from, how he met Christ, and how he is serving Him. So, don't complicate things, just tell your story and offer hope. Most folks these days are looking for hope, truth, and understanding because they know the world is in trouble and things just aren't right.

When you head to the practice pen, things don't always go as planned and there can be some bumps and bruises along the way. Walking on unfamiliar ground can become discouraging and uncomfortable. Such is life. There may be times when we feel the Lord is stretching us way beyond our abilities and comfort, but scripture tells us that He will never ask us to do more than what He knows we can handle. This stretching causes us to grow and have more confidence as we go forth putting God's word into practice. Don't let your temporary comfort trump someone's eternal comfort. Jesus never thought about his own comfort. When He was on that cross, I was on His mind.

I believe the heart of this cowboy ministry is to reach the lost with the gospel, to encourage all believers in their walk with the Lord, and to offer opportunities to put God's word into practice.

If you're at Agribition in Regina this November, drop by the FCC booth. We would really enjoy seeing you. We would appreciate your prayers as we will also be holding our Canadian Board AGM at that time.

Blessed are those who put their trust in Him
Terry Baker

REPORT

FROM JOHN FITZHERBERT

Hi Folks.

I only need one word to report on the weather this summer and that is DRY! There was no spring runoff as there was very little snow to melt. There was little or no spring rains in April, May, and June. July gave us about an inch of rain. In late August we got a bit more and by the end of September, we reached about another inch. Crops were very short, some were baled for feed, cut for silage, or cows were turned out in some of them. Not much hay was put up and a lot was not even cut. One neighbor got ten round bales off of fifty acres which normally would yield two hundred round bales. Just north of High River things were much better and I am sure north of Calgary was about average for the year. South of Fort McLeod looked much better than here.

Calves are going to market early and I am sure lots of cows will also be sold because prices are high for both and people can't afford the price or find the feed to keep them. This will affect everyone in the next while as we will see higher beef prices in the stores. I shared with you in a past column on how God looked after me in times of drought in the eighties. Remember he is still on the Throne. He can look after you even forty years later as He did with me.

I will share a story I heard this morning just to prove how wonderful God is. A lady from Africa who has lived in Canada for a few years had just got word that her son in Africa was killed. She and her Canadian husband borrowed money to fly to Africa. A retired Pastor and his wife heard of this and decided to raise money to help pay the debt that this couple now faced. The Pastor's wife went to a few ladies at Bible study in town and they raised some money. The Pastor's wife said to her husband that they should donate \$500.00 to the fund. He agreed but said, "It will make us short on our bills." The wife went to the bank to make the transfer and the teller asked, "Which

bank account do you want to take it from?" She replied, "We only have one account." The teller said, "No you have another account that has \$5000.00 in it." She said, "That is a mistake. We don't have another account." The teller said, "I will check this out and let you know." As it turned out this spring the Pastor and his wife had sold their house, moved to High River, and bought a new house. The lawyer who did all of the transactions for them decided not to charge them his normal fee. He opened a bank account in their name and put \$ 5,000.00 in it. How good is that!

How often does a lawyer give you money?

We had a good summer going to rodeos and other functions to put on Cowboy Church. Not near as many as before COVID as several that we always went to don't run over a Sunday now. Chuckwagons ran two weekends in High Rier this year so we put on a pancake breakfast and did Cowboy Church for about sixty people. The president of the Ag Society took it in and when we were done, he asked me if we would do it again the next Sunday. I checked with the band members and told him OK, then he said the Ag Society would pay for the breakfast. He put out some advertising and we had an even bigger crowd than the Sunday before. He told me he played guitar and sang (mostly for parties) so I asked him to sing, he sang Amazing Grace but was pretty nervous. We talked for a while after. The Lord really moved on him so I will be talking to him some more in the future. Before we parted, he asked how much was the breakfast on the first Sunday, I told him \$1000.00. He gave me a check so the AG Society paid for both breakfasts.

We (when I say we I mean our band that travels with me) had an early morning start in September to go to the CGRA in Rimbey. We paid for breakfast and had Cowboy Church at the front of a beautiful new arena. Debbie Graham presented the Trophy Bible to Cowgirl of the Year and Billy Dittman shared a testimony which astonished the people. I spoke from the word "God wants you to Win". The response was overwhelming. Young girls were thanking us for coming who normally would not look twice at an old guy like me. We prayed for healing and many other things as these ladies came with their requests. Praise the Lord!

Last column I reported we were going to try to have a booth at Agribition in Regina. Well, we were just accepted and it is paid for. The dates are November 20th to 25th (Monday through Saturday). Please stop by and have a visit. It would be nice to have a few of you run the booth for a couple of hours. I don't know what building we are in but you will be able to find a directory that will tell you. We are sharing a booth with Ponderosa City so it might be under their name or the Fellowship of Christian Cowboys.

We also have a booth at the Canadian Finals Rodeo in Red Deer. The dates are October 31 through November 05. Again, please stop by to visit us or help out. Cowboy Church will be held at 10:00 a.m. somewhere in the Westerner Complex.

God's Blessings on You All

John FitzHerbert

The Benefits of Giving

By John FitzHerbert

Benefits of Giving Back last year I started to write on "The Fruit of the Spirit" as listed in Gal 5:22. The first one is love and I don't think we are done with that yet. Gen 1:29 -30, *"Then God said, 'Behold I have given you every plant yielding seed that is on the surface of the earth, and every tree which has fruit yielding seed it shall be food for you, and to every beast of the earth and to every bird of the sky and to everything that moves on the earth which has life. I have given every green plant for food and it was so."*

In verse 26 God made man and gave him rule over the fish of the sea and over the birds of the sky over the cattle and over all the earth, and over every creeping thing that creeps on the earth. God's love for man was so great that He designed all these things

so that man could be fed. Just think of the billions of people on this earth, the one thing they require is food every day. Every year billions of tons of rice are produced and eaten. If God had not set that up there would be none. Every year there are billions of tons of wheat and corn are produced, and eaten. If God had not set that up there would be none. Think about it if God had not made the cattle, sheep, fish, birds, and other animals' man could not survive. Most countries have plenty of food some don't because of wars, religion, politics, or ignorance of farming principles to name just a few.

God made the seasons and the climate in different parts of the earth to produce a variety of food. We don't grow bananas in Canada, we don't make seal blubber a part of our diet where I live. When I was young, we didn't have a lot of different food, we ate what we grew then it was canned, dried, or came out of the root cellar. Not much fresh meat in the summer because we had no way to keep it. Now we can have lettuce, watermelon, or anything we desire at any time because trucks bring produce from other climates. God made the earth in such a way that it is hot close to the equator and the further away we get the colder it is, but He gave us plants that thrive in different locations. The same with animals, we don't see elephants or monkeys in Alberta. I have often wondered why there are no antelope in the Foothills but there are hundreds out on the prairies. God made them the way it is all I can say.

Gen 1:16, *"And God made the two great lights, the greater light to govern the day and the lesser light to govern the night. He also made the stars."* Did you ever try to grow something in

THANK GOD FOR THE GIFT OF POWER HE HAS GIVEN US.

the dark? It doesn't work. The plants will grow tall and spindly and bear no fruit or seed. God provided the sun for heat and light so that everything on the earth would grow, both plants and animals. Scientists can tell the exact second when the sun will rise months ahead because he put it all together thousands of years ago. What an infinite plan. Who could say it just happened?

God showed His love for us in the beginning by creating the earth and the sun so the earth could produce food for all mankind and the good news is it will keep on as long as the earth remains despite what the climate change people come up with. Gen 8:22, *"While the earth remains, seeding time and harvest, cold and heat, summer and winter, day and night shall not cease."* He gives us one hint here - as long as the earth remains. The earth will not always remain as we know it. We can read about it in The Revelation but that is another topic. I won't go there today.

The last thing I will write about this time is water. Some of the climate people say when the icebergs melt in the south and north poles the sea will rise and flood parts of the earth while others say we are in danger of burning up. Solomon said in Ecclesiastes 1:7, *"All the rivers flow into the sea, yet the sea is not full. To the place where the rivers come from, there they will return again."* This is another part of God's infinite plan. Everything runs into the sea so why is the sea not full and rising? When the children of Israel were on their journey to the promised land, they had no water several times so they complained very strongly to Moses. God showed Moses what to do to get water. He knew they could not live without water and He provided it for them. He has provided all the rivers and streams that he made so that we could all have water. Many towns and cities get water from wells that He put deep in the earth for us to use. Here in High River, several wells provide water because some of the wells produce five hundred gallons of water a minute.

Thank God for all these things that He has given us so that we might have abundant life. He loves us.

More next time

“Now I Have Everything”

Hello everyone,

“Now I Have Everything” A few weeks ago, my husband and I went to a celebration of life for a family member. His name was Brian. Brian had a childhood disease that ended up making him blind at the age of eight. His parents sent him to a school for the blind in Vancouver where he learned brail and the skills, he needed to be a productive person in life.

Brian got a job at a hospital in Calgary in the dark room where he worked for twelve years until it became automated. When Brian was thirty, he lost his right arm to cancer and had a prosthetic arm. Brian was a scout leader for thirty years working with disabled children. He had a great sense of humor – one time a new scout leader joined the troop and Brian decided in the middle of the night to put his prosthetic arm over the new guy's shoulder. There was a lot of excitement in the cabin when that fellow woke up in the morning!

He was also a skier and went to Norway to compete. Being active in the CNIB was very important to him. Brian was also on a bowling team for the last ten or so years. Many people referred to him as a human GPS as he knew all the bus routes around Vancouver, Edmonton, and Calgary. Sometimes a friend would give him a ride to where he wanted to go – they would try and trick him by taking a different route – Brian would say hummmmm and then say ah you took a different street, name the street, and then laugh. He loved to dance and rarely stepped on your toes! Brian was truly an inspiration to his family and everyone who knew him. Brian could do anything he put his mind to.!

I guess you wondering where I am going with this. It was at Christmas time and I was six years old. My class was practicing Christmas Carols. The teacher pointed to me and yelled out, “You get to the back, move your lips, don't let any sound out, you sound terrible.” I am now sixty-eight and have never sung in front of anyone because in my mind I believed her words.

The day after Brian's service we were doing Cowboy Church in a seniors' home. I love to talk and share stories with people so I shared about Brian more in hopes of motivating the people there to do and try anything they can. Just as I was about to finish up, I felt a hand on my back and a voice said, “SING.” So, I told the crowd what happened to me as a child and then I said, “Brian this one is for you.” I played my guitar and sang “Now I Have Everything,” a song I had only ever heard a few times before. There was silence in the crowd. When I was finished, I turned behind me to John FitzHerbert who was playing bass. He said, “How did you do that? It was wonderful! I am shaking so bad I have to sit down.”

I was in bondage to that person's words all my life. Jesus touched me and set me free. Thank you, Jesus. I have since sung at two other Cowboy Churches. “He can do for you what He's done for me.”

**Galatians 2:20, “I have been crucified with Christ.
It is no longer I who live, but Christ who lives in me.
The life I now live is the flesh by faith in the son of God,
who loved me and gave himself for me.”**

Love, Light, and Laughter
Debbie Graham

Me, God and My Guitar

**You gave me your love Lord
And a fine family
Thank you Lord
For your blessings on me**

I woke up this morning with these words running through my head. I know that many do not have a "fine family", that many families are broken, that many have been pushed out of their families because of their faith in Christ, but God can give us a new family. A family of fellow believers. Not only that, but we are now adopted into his family. We now have a heavenly Father alongside the brothers and sisters we have in Christ.

Proverbs 18:24 tells us that there is a friend that sticks closer than a brother. I know there are many who mourn the loss and breakup of a family, but God can truly heal that wound, so those words, for me, become extra special.

**You gave me your love Lord
And a fine family
Thank you Lord for your
blessings on me**
